MEMORANDUM OF RECORD

SUBJECT: DD/R Staff Meeting Minutes of 10 July 1963

PRESENT: Colonel Giller  
Mr. Cunningham  
Mr. Miller

1. Colonel Giller reported that the DCI seems resigned to the inevitability of a cut in our FY 1965 budget request. Our FY 1964 budget has not yet been acted on by Congress so we have no information on what to expect for this FY but as was observed last week, proceed on the one-twelfth basis of the budget that was submitted to the Congress.

2. There was a brief discussion of the placement of [redacted] who entered on duty early this week in OSA. Mr. Cunningham was reminded that if there does not seem to be mutually effective utilization to be made of [redacted] there are other DD/R assignments where his qualifications are needed.

3. Colonel Giller reminded the group that COMOR has had a requirement for the operational use of [redacted] for some-time and that COMOR is not currently happy with the lack of action on this score. He is anxious that we not be found delinquent in our own responsibility, and accordingly urged OSA to actively pursue this matter and similarly ORD insofar as technical responsibility may be involved.

 25X1 5. Mr. Cunningham mentioned the Air Force testing of their  
 25X1 RB-57F and expressed his desire to know more about the results.  
 25X1 It was agreed that Mr. Miller would undertake to acquire additional  
 25X1 information. There was also some discussion of [redacted] and  
 25X1 [redacted] reported that at a recent [redacted] conference there was question  
 25X1 from the Navy regarding the importance of [redacted] and  
 25X1 the associated difficulties for them. Mr. Miller stressed his  
 25X1 conviction that [redacted] is important but could not pass  
 25X1 judgment on whether a twenty-four hour alert, which the Navy was  
 25X1 discussing, was necessary or not. The important thing is that  
 25X1 [redacted] is desired. What it takes to get it is another  
 25X1 problem. In this connection, Colonel Giller reminded  
 25X1 Mr. Cunningham of the necessity to do a paper on the feasibility  
 25X1 of a [redacted] in the Far East. ACTION - OSA.

25X1 6. [redacted] reported that General Carter had not  
 25X1 agreed to a reduction in the Agency's quota for the [redacted]  
 25X1 seminars [redacted], although he had authorized the  
 25X1 recall on TDY of overseas personnel to participate in this course  
 25X1 up to 50% of the quota which still stands at eight for the Agency  
 25X1 for each of these seminars. The next running of this course  
 25X1 begins Monday, 15 July, and runs for four weeks at [redacted]  
 25X1 [redacted] The Agency has not yet mustered its quota and the DD/R  
 25X1 has been asked if it could provide a candidate at Grade GS-13  
 25X1 or higher. It was agreed that we would respond negatively. 25X1

25X1 7. [redacted] also called attention to a briefing  
 25X1 given some months ago by a [redacted]  
 25X1 concerning a technique employing a computer to determine impending  
 25X1 missile or space findings and determine the nature of the same.  
 25X1 [redacted] will be in the Agency all day Friday, 12 July, to  
 25X1 discuss more about this plan and it is also believed that he will  
 25X1 be interested in the proposition for a personal services con-  
 25X1 tractual arrangement or possibly even staff employment if we would  
 25X1 so desire. It was requested that both OEL and OSA, where  
 25X1 [redacted] has expressed particular interest, be prepared to  
 25X1 discuss with [redacted] his particular scheme.
